

Expanding your business in Poland?

Join the Tour and find out how to do it right!

Over the past five years, the Polish innovation ecosystem has expanded significantly. The number of tech startups doubled and multiple new initiatives and organization has emerged. Big players have entered the game (e.g. Google Campus) and corporate accelerators (e.g. Orange). Lots of initiatives were designed to stimulate relationships between startups and corporates. Time to experience it!

THE TOUR FOR SELECTED STARTUPS IS FREE OF CHARGE!

The flight and accommodation is covered up to €750 per startup.

SELECTION CRITERIA:

- Startup is looking for scaling opportunities
- Startup develops a deep-tech product/service

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 671877
